## 10. FACTS, EVALUATION AND COMMENT: (Use additional plain sheet if necessary)

1. Efforts to sell the M/V "JUANITA" are continuing. A promising prospect for the purchase of the vessel is believed to be an agent of King Karouk. Negotiations with this agent may involve sending the ship to Alexandria for inspection by representatives of the interested party. In addition, a preliminary overture has been made to our agent in Athens by a Greek commercial organization regarding the possibility of chartering the vessel. This lead is being pursued further in the hope that instead, the vessel can be sold outright.

2. Instructions have been sent to the field and  organizations to liquidate the project. The  organization "Marine Biological Research Institute" will, however, be retained for future use.
